

Meet our new Kitchen Designer!!

Molly Olshefsky has been designing kitchens since 1998. Her BS in Hotel and Restaurant Management provides an emphasis on workflow and the needs of the serious cook. Because of her interest in restoring older homes, she has attended technical classes in Architectural Drawing, Home Wiring, Home Plumbing, Masonry, Interior Design, and Wallpapering. Her husband, two children, and she are restoring a Victorian home in Lansdowne. This has given her the opportunity to apply the hands-on skills she acquired in class. She personally understands the ups and downs of home remodeling and uses that experience to help her customers' projects go as smoothly as possible. Molly says that the best part of her job is helping others' dreams come true.

Make an appointment to consult with Molly on your next project requiring cabinetry. She is experienced in designing:

- Kitchens
- Baths
- Dressing rooms/closets
- Bedroom built-ins
- Butler's Pantries
- Entertainment Centers
- Mud Rooms
- China closet/hutches
- Fireplace surrounds
- Home Libraries
- Home Offices
- Laundry Rooms

We are increasing our cabinetry lines to include Contractor's Choice (stock), Aristokraft (stock), Norcraft (semi-custom), and Canyon Creek (full-custom), so there is a choice for everyone's budget. Learn more about these lines and other related materials on our web site: www.beattylumbercompany.com

You can contact Molly directly via email: molly@beattylumbercompany.com

Measurement and Design Fees

- In-home measure/site visit \$100*
- An initial complete professional custom design will be done for you at no charge. We will give you a budget figure for your cabinetry and related mouldings.
- After reviewing the designs with you, further design work and changes will be done after a retainer* of approximately 10% of the budget cost is received. No designs leave the showroom unless the retainer* has been paid (including designs for contractors).
- If additional services are required, a \$50 per hour rate will be applied in addition to the cost of the cabinets.

*Measure/site Visit and Retainer Fees will be applied to the purchase of your cabinetry, but are non-refundable.
